

It's the first night of Kwanzaa in the Thompson household. The entire family has gathered for the celebration: Grandma Betsy, her four children, and their families. Grandma Betsey has 14 grandchildren, from grown-up Ben to the youngest one, little Dorian. It's almost time to light the candles, and the question comes up: who should light the candles tonight? Grandma Betsey? Little Dorian? Should they pick someone's else? Write a story about how the Thompson family decides who will light the candles.

Student's story will vary.

Name: _____
