

Name \_\_\_\_\_

**DIRECTIONS:** Rewrite the passage, converting indirect speech to direct speech.

Will told us all about the party. He said there were about ten people there. I asked him about Robert, and confirmed that Robert was in attendance. Then I asked him about Cheryl, and he told me that Cheryl was there, and that for a while she and Robert sat together. I told Will that didn't surprise me, because I have seen Robert and Cheryl together a lot.

## **ANSWERS**

"There were about ten people at the party," Will told us.

"Was Robert there?"

"Yes."

"How about Cheryl?"

"Yes, she was there. For a while she and Robert sat together."

"That doesn't surprise me, because I have seen Robert and Cheryl together a lot."
