

Name _____

Formal writing is needed in many business and social situations. One example of a place where you should use a formal writing style is in writing a letter to the editor of a newspaper.

DIRECTIONS: In recent years, there has been much in the news about school lunches, and the role of schools in providing nutrition for students. What do you think about the food offered in your school? Do you think that schools should be required to serve only nutritious foods? Do you think it is important that the foods be organic or locally grown? Do you think vending machines in schools are a necessity, or an unhealthy temptation? Establish and maintain a formal writing style as you express your opinion on the subject of food in schools. Use the back of this page if you need more space.
