## **Jasper's New Baby Sister**

Jasper's mom just had a new baby. It is a girl named Cynthia.

Now Jasper has to share everything. He doesn't like that.

Jasper's mom says having a baby doesn't mean she loves Jasper any less. He likes to hear that.

He worries that she will like the new baby more because she is a girl like his mom. Jasper's mom says that is silly.

Jasper's dad says Jasper will get to teach his new sisters all kinds of things when she gets bigger. His dad says being a big brother is more fun than he could imagine.

Maybe a new sister isn't so bad after all.
